Law on Peaceful Labour Disputes Resolution**

The Association of Employers of the Federation of Bosnia and Herzegovina organized on August 31 round table on the topic " Law on Peaceful Labour Disputes Resolution", after which a press conference was held. The media were addressed by Director of the Association of Employers of the Federation of Bosnia and Herzegovina Mladen Pandurević and professor Ivo Rozić.

The aim of the press conference to explain the media and society the importance of the shortening of court disputes and trying to resolve disputes peacefully in the sense of overloading the courts that have been overloaded for many years.

" This is an essential law that will alleviate and improve labour disputes among employers and trade unions. Until now, this institute was not significantly present in our legislation. Disputes were resolved mainly in court for very long periods of time (2-4 years). This law will be a good framework for reducing the number of strikes and significantly accelerating the procedures of collective and individual dispute resolutions. ", said the director of the Association of Employers of FBiH Mladen Pandurević during press conference.

The press conference was attended by 5 electronic media, 4 print media and 1 radio representatives.
