Mladen Pandurević  
Director**

Dear Mr. Mladen Pandurević, dear friends,

In these extremely disturbing times, when the territory and people of Ukraine have been treacherously invaded by regular troops of the Russian Federation and are constantly attacked and bombed by the regular army of the Russian Federation with treacherous support of Republic of Belorussia, we, Ukrainian employers, with deep gratitude feel the support from our Bosnian and Herzegovinian friends.

These terrible twelve days of mean aggression and unprecedented courage of Ukrainian people, supported by the whole world, showed that there is humanity in the world, and people are ready to stand against the terror, fear and dictatorship.

We appreciate your support and hope to meet you soon in our restored and prosperous country.

Sincerely,

**Oleksii Miroshnychenko, PhD**

**President**
